◀ Slip-resistant Design

Partial anti-slip and roughening, non-slip design makes it better

◀ The Standard Interface

The thread groove is visible with its standard interface which is commonly used, making life easier

◀ The Special Shower Nozzle

Patented water pressure control, the water output speed is 4 times that of ordinary showers, and water saving is 30%.

Smooth water which can produce negative ions

The difference between superior functions of ACF (activated carbon fiber) and general activated carbon on the market

- The filtration area of the product is 10 times larger than the general products on the market, and improve water treatment efficiency!
- Water filtration of the product is greater than general products on the market more than 6 times, no need to wait for good water!
- The replacement is simple! Discard the filter to avoid the danger of releasing pollutants when the filter is no longer useful.
- Longer product lifespan; A better product which saves your money!

The Product Name : Joypure Shining Ion Shower

Product Size : Ø58 x 265mm

Operating Temperature: 0~60°C

Effective Water Purification: 24,000L

Housing Material: ABS Resin

Filter Material: ACF Activated Carbon Fiber Non-woven Fabric

Colour: ☐ ☐ ☐

-certificate-

Purified water, sweet taste A cup of healthy water

Carbon Fiber Filter

Eco-friendly and
No Wastewater

Three-step Easy
Installation

For Kitchen
and Bathroom

J6001 J6001 Joypure ACF Tap Water Purifier (Tap water / Clean water / Water Conservation)

The Product number : J6001

Product Size : 148 x 60 x 110mm

Filtration Accuracy : 1~5micron

Filtration Speed : 1.0~3L/min

Filter Life-span : 1,200L

Handle: Tap water / Clean water / Water Conservation

Suitable Water Pressure : 1.5~3kg/cm²

Suitable Water Temperature : 5~38°C

Applicable Tap :

The outlet diameter is 15-24mm and length of the faucet is ≥ 15 mm

Water Conservation
Tap water

J6002 J6002 Joypure ACF Tap Water Purifier (Tap water / Clean water)

The Product number : J6002

Product Size : 148 x 60 x 110mm

Filtration Accuracy : 1~5Micron

Filtration Speed : 1.0~3L/min

Capacity : 1,200L

Handle: Tap water / Clean water

Suitable Water Pressure : 1.5~3kg/cm²

Suitable Water Temperature : 5~38°C

Applicable Tap :

The outlet diameter 15-24mm and length of the faucet ≥ 15 mm

CF-7210

Japan ACF water filter pitcher of large capacity

- ▶ Japan ACF advanced filter
- ▶ Sweden Ion exchange resin
- ▶ 97% effectively reduces residual chlorine, good taste water
- ▶ 6 times faster flow rate
- ▶ Filter has 3 times smaller than usual size
- ▶ Filter life-span reach to 400 gallon
- ▶ Material with NSF certification, 100% BPA-free
- ▶ Anti-microbial and deodorant

Japan ACF (Activated Carbon Fiber)

ACF has been proven that its adsorption is 10-12 times better than other carbon filters.

This means that more contaminants will be eliminated from your water to protect you and your family's health.

Anti-bacteria

reduces scale

removes heavy metals

removes impurities

The difference between superior functions of ACF (Activated Carbon Fiber) and general activated carbon on the market.

- 8 times longevity, better than others in the market.
- Water filtration of the product is greater than general products on the market more than 2 times, no need to wait for good water!
- The replacement is simple! Disposable filter can be avoiding the danger of releasing pollutants when the filter is no longer useful.
- Longer product lifespan; A better product which saves your cost!

Model No. : CF-7210

Product Name: Japan ACF Water Filter Pitcher

Dimension: 105 X 200 X 275mm

Product includes: Pitcher X 1, Filter X 1

Capacity: 1.8L

Inlet water: Tap water

Filter life-span: 453L

Color: ☐ ☒ ☒

CF-7000 Portable Water Filter

Flow speed, save time

Flow rate 1.3L/per minute

“Straight out from the tap. Drink directly”

100% BPA-free | clear as crystal | stronger | Hydrolysis resistance

Material with high quality

The filter as the key to good water — ACF (Activated Carbon Fibers).

Generally, tap water with chlorine is an oxidant which will produce carcinogens or affect your health in long-term. Using ACF to ensure healthy drinking water for daily life.

Model No. : CF-7000

Product: Portable Water Filter cup

Dimension: 124x124x115mm

Product includes: water filter cup X 1, filter X 1

Temperature for use and storage: 5-40°C

Inlet water: tap water Average flow rate: 1L/min

Filter life-span: 568L

Color:
